

SkyWolf Wind Turbine Corporation Press Release Headlines 2015/16

November 2015: SkyWolf attends and exhibits at 2015 SUNY Sustainability conference held at Stony Brook University

This conference brings leading sustainability stewards and programs to the forefront of renewable energy resources and provided an opportunity to demonstrate the SkyWolf Hybrid DAWT for the first time to 64 SUNY campuses in New York State.

November 2015: SkyWolf invited to exhibit and attend New York Power Authority (NYPA) 2015 Innovators Summit

The NYPA is the nation's largest state public power organization, through the operation of its 16 generating facilities and more than 1,400 circuit-miles of transmission lines whose use of cutting-edge technology and innovative strategies are reducing energy consumption, saving taxpayer dollars, and significantly reducing greenhouse gas emissions. SkyWolf DAWT was well received by greeting 100 of visitors to our booth and generated multiple leads with several state agencies.

February 2016: SkyWolf Exhibits at NYSAC 2016 Legislative Conference

SkyWolf recently exhibited at the New York State Association of Counties (NYSAC) 2016 Legislative Conference (<http://www.nysac.org/>) which took place on February 1-3 in Albany, NY attended by hundreds of county officials and legislatures providing SkyWolf with the ability to network and meet state officials regarding their alternative energy projects.

In addition, a full page color advertisement of the SkyWolf DAWT was also placed in the NYSAC News Magazine 2016 winter issue that is distributed to over 63 counties, 5000 members, and approximately 2,500 county decision makers.

SkyWolf Wind Turbine Corporation is a Limited Liability Company (LLC) C-Corp that designs, manufactures, and supplies a Solar Hybrid Diffused Augmented Wind Turbine (DAWT), a product that uses renewable wind and solar energy sources combined in one turbine.
